We are in the final drive for votes in the great Marion Merchants-Erie Railroad-Marion Star contest. The deadline hour of midnight May 21st is rushing at us from a time scarcely more than two weeks away. Now is the time for every entrant to re-double his or her efforts in the race that is going to reward 14 juniors and seniors in the Marion trading area with a trip to New York, Washington, Mt. Vernon and Alexandria at the expense of the contest sponsors.

It is really a fact that the contestants' supporters have opened their purses to further the cause of their favorites. Their purchases have manifold benefits-prices and values have met on a common ground far below normal and these advantages have been passed on by Marion merchants to the purchaser—and some lucky contestant has benefited from the votes. Now every contestant and every school should marshal their complete strength in this final dash to name the winners. Every dollar spent is important for it means 100 More Votes for Someone.

mestic riction

Those whose birthday it is may expect a year of advancement honors favors or preferenced at the hands of our poorrs or those in places of nower and prestige. This should be pushed for, but be on guard agruett squandering the finances by personal indulgences, friendly loans or unsound investment or speculation. Preserve the domestic and social harmonies. A child born on this day, although perhaps disposed to extravagance, show and speculation, as well as possible personal excesses in pursuit of pleasure, nevertheless should secure the favoritism of employers, thereby attaining its ambitions.

and now we offer **6** PLY RIVERSIDES The new 6-PLY Riverside Mate is the greatest tire value that we have ever offer-

ed. An even better Miles-Per-Dollar value than the tire Mr. Cronk praises. For here are the lowest prices at which we have ever sold a 6-PLY Heavy Duty Riverside Tire. Think of this: 6-Plies From Bead to Bead at the Usual Price of Other 4-Ply Tires!

Riversides are one of America's most famous tires-For 20 years we have supplied them to the motoring public. They are of the highest quality it is possible to produce. They are built by one of the world's largest tire companies. They are backed by a new unlimited guarantee—the fairest and most liberal ever put on any tire.

We'll match Riversides on the road against any tire and beat it in price. So why be satisfied with other 4-Ply Tires when you can buy full 6-Ply Riversides for the same money?
